

# Emerald Class Newsletter Spring Term 2018

## Oceans and Beaches

**Our learning this term** will be a topic on seas and beaches. This will support much of our Geography curriculum. We will also look at changes in living memory, including popular art and culture. In Science we will be learning about light and also about how to keep ourselves healthy. In art we will look at the work of modern artist's such as Andy Warhol. In Design and Technology we will be making healthy snacks to fit with our science topic. In ICT, we will be learning about how computers can help us research topics. There will be a trip to the Tide and Time museum on Feb.26<sup>th</sup>. The children do go outside regularly for their learning so please ensure they are dressed for the cold conditions e.g. hats and gloves. Also remember your child needs a water bottle in school EVERY day!

**PE** Emerald Class do PE on Mondays and Thursdays. As usual they will need indoor and outdoor PE kits. The children will all need trainers too. It may be worth checking they are still a comfortable fit! Thank you for remembering to name clothes, it is a great help.

### Homework and Reading

**Tuesdays:** Maths (for Y1/2 to be returned to Miss Swinson by following Mon).

**Thursday:** Literacy (for Y1/2 to be returned to Miss Mayfield by following Wed).

**Spellings:** Set and tested on Fridays.

Please read as often as you can (Year R/1/2). The children have words to learn to read and spell in their word tins.

**Volunteers Needed.** A BIG thank you to those of you who have joined us this term. The Y1/2 children will be doing a Road Safety session on Tuesday 23<sup>rd</sup> January. Volunteers are needed so please let us know if you can help.
